“ From Dr. Randi Berg:  
Beth was such a delightful member of the Tweeten family. She had an open heart. I always looked forward to seeing her in the dining hall or at activities. She was always very up-front about how she was feeling in a way that was refreshing for its candor and honesty. When she smiled her big, beautiful smile you knew it was genuine. She never did things just for show. And she had such great glasses! It might sound like a small thing to notice, but they were a part of her identity. Classic, just like Beth herself. She will be sorely missed! I am very sad to have to miss her funeral and visitation but will be thinking of her and all the friends and family that held her so dear.
