“ Oh were to start! Very hard worker and showed her love by the work she did for all around her. Great mentor by teaching us all the right ways to work as a CNA. Also how to watch for important things to report to the nurses! Still use these skills in life! Thanks Vickie for your dedication to the field of CNA's

“ Vickie was a first class coworker. A real professional. She mentored countless staff to success. She had a true caring heart for those in her care and it showed everyday. I always knew I could count on her for answers or a helping hand. It was an honor to know and work with her for so many years. Her smile and presence will be missed for a long time. There is a void left in the lives of all she touched. She will be remembered. With deepest sympathy, Barb Burroughs
